

# Project: Invest Buddy

## 1. Goal:

To fix bugs and polish the software (within the limited time available) to a status where it might be handed over to a client.

## 2. Project hand in status

- 1 Failed test case (white box testing)
- Potential bug

## 3. Accomplishment

- Bug causing the test case to fail has been rectified.
- Graphic User interface implemented for the project
  - Relatively simple and end user friendly approach taken while designing the GUI
- The functionality of the same tested and verified on Gradle.
